# VIDEO CALLS WITH FAMILY

# MAKE MEMORIES

LET'S MAKE THE BEST OF THESE TIMES.

HEAR THE GIGGLES  
WITNESS THE SMILES  
ENJOY THE LOVE

A woman with long brown hair, wearing a cream-colored cable-knit sweater and blue jeans, is walking on a paved path in a forest. She is smiling and looking down at a young girl with blonde hair tied up in a bun with a pink bow. The girl is wearing a dark green sweater and is holding the woman's hand. The background is filled with tall evergreen trees and sunlight filtering through the leaves.

# HOW TO SKYPE

## How do I make a call in Skype?

Calling Skype contacts on Skype is always free - but to call a mobile phone or landline through Skype requires [Skype Credit](#) or a [subscription](#).

- 1 Find the person you want to call from your **Contacts**  list.
  - If you don't have any contacts, then [learn how to find a new contact](#).
- 2 Select the contact you want to call, and then select the **audio**  or **video**  button. If you want to make a group call, simply add another participant.
- 3 At the end of a call, select the **end call**  button to hang up.

**Tip:** You can also quickly turn any chat into a call - just select the **audio**  or **video**  button from your chat.

**Note:** If you've [synced your mobile address](#) book with your Skype contact list, you can also make Skype calls right from your device's contact list. Just tap the **Skype button** next to the person you want to call. (Available in Skype on Android (6.0+), iPhone and iPad).

How do I make a group audio or video call in Skype?

- 1 From your Calls  list select the **new call button** or call an existing group.
- 2 If it's a new call, select up to 100 participants (99 plus yourself) that you want to include.
- 3 Select the **Call**  button.

**Note:** For any group calls with more than 25 participants, they will be ringless. The group will receive a notification that the call has started and can select the Join Call button when they're ready. For video calls with less than 25 participants, when you start a **video**  call, you can choose whether you want the call to ring everyone in the group or be ringless. Ringless calls will send a notification to participants without interrupting them with a ring and if anyone needs a little extra "nudge," you have the option to ring them individually.
